9th International Conference on Safety and Security Engineering

9–11 November 2021 | Online

Organised by

Wessex Institute, UK
University of Rome “La Sapienza”, Italy

Sponsored by

WIT Transactions on the Built Environment

www.witconferences.com/safe2021

This 9th International Conference on Safety and Security Engineering follows the success of the first eight meetings held in Rome (2005), Malta (2007), Rome (2009), Antwerp (2011), Rome (2013), Opatija in Croatia (2015), Rome (2017) and Ancona (2019). The purpose of the Conference is to provide a forum for the presentation and discussion of the most recent research and industrial developments in the theoretical and practical aspects of safety and security engineering.

Safety and Security Engineering, due to its special nature, is an interdisciplinary area of research and application that brings together in a systematic way, many disciplines of engineering, from the traditional to the most technologically advanced. The conference covers areas such as crisis management, security engineering, natural disasters and emergencies, terrorism, IT security, man-made hazards, risk management, control, protection and mitigation issues, and many others.

The meeting aims to attract papers in all related fields, in addition to those listed under the Conference Topics, as well as case studies describing practical experiences. Due to the

multitude and variety of topics included, the list is only indicative of the themes of the expected papers. Authors are encouraged to submit abstracts in all areas of Safety and Security, with particular attention to integrated and interdisciplinary aspects.

Who Should Attend

The conference is aimed at engineers, scientists, field researchers, managers and other specialists involved in one or more aspects of safety and security.

Honorary Chairman

Massimo Guarascio
University of Rome "La Sapienza", Italy

Conference Chairmen

Giorgio Passerini
Polytechnic University of La Marche, Italy
Member of WIT Board of Directors

Fabio Garzia
University of Rome "La Sapienza", Italy

Mara Lombardi
University of Rome "La Sapienza", Italy

International Scientific Advisory Committee

Andrea Antonucci
D'Annunzio University of Chieti-Pescara, Italy

Warren Axelrod
US Cyber Consequences Unit, USA

Marco Bietresato
Free University of Bolzano, Italy

Richard Carranza
Carranza Consulting, USA

Carlos Cuadra
Akita Prefectural University, Japan

Gianluca Dini
University of Pisa, Italy

Gerardus Janszen
Politecnico Di Milano, Italy

Elena Magaril
Ural Federal University, Russia

Roberto Perruzza
CERN (European Organization for Nuclear Research),
Switzerland

Dragan Poljak
University of Split, Croatia

Antonio Pratelli
University of Pisa, Italy

Elena Cristina Rada
Insubria University of Varese, Italy

Genserik Reniers
University of Antwerp, Belgium

Francesco Russo
University of Reggio Calabria, Italy

Seddik Sakji
Structure and Rehabilitation Company, France

Daniel Santos-Reyes
ICHI Research & Engineering, Mexico

Michel Olivier Sturtzer
French-German Research Institute of Saint-Louis, France

Takeyasu Suzuki
University of Yamanashi, Japan

Sophie Trelat
Institut de Radioprotection et de Sûreté Nucléaire, France

Benefits of Attending

Online Programme

The programme will include accepted papers & presentations and daily live-streamed Q&A session.

Publication

Papers presented at SAFE 2021 are to be published in a volume of WIT Transactions on the Built Environment (ISSN 1743-3509). The publication will be available in both electronic and hard copy.

Indexing

The WIT Transactions are DOI registered with CrossRef and are currently listed in indexing services such as Scopus and Google Scholar, as well as being submitted to the Web of Science. All conference books are listed in the British Library and American Library of Congress.

Open Access and Digital Archive

All conference papers are archived permanently on our electronic library where they can be downloaded for free. (www.witpress.com/elibrary)

Peer Review

To ensure the quality of our publications, abstracts and papers are double peer-reviewed by members of the International Scientific Advisory Committee and other experts, with manuscripts processed through CrossRef Similarity Check to screen for plagiarism.

Reduced Fee for PhD Students

The Wessex Institute believes in the importance of encouraging PhD students to present and publish innovative research at its conferences. As a result, the Institute offers PhD students a much-reduced conference fee.

Networking

Participants can present their research and interact with experts from around the world, as part of a unique community.

Journal Publication Opportunity

After the conference, delegates will be invited to submit an enhanced version of their conference paper to one of the WIT Press International Journals.

Conference Topics

The following list covers some of the topics to be presented at the conference. Papers on other subjects related to the objectives of the meeting are also welcome.

Risk analysis and assessment

Safety engineering

Accident monitoring and management

Information and communication security

Protection of personal information

Fire safety

Disaster and emergency management

Critical infrastructure

Counter terrorism

Human factors and risk perception

Occupational health

Transportation safety and security

Earthquakes and natural hazards

Modelling and experiments

Surveillance systems

Safety standards and regulations

Cyber security / E security

Preparedness & resilience

Legislation and guidelines

Safety and security culture

Border security

Disaster recovery

Case Studies

New Online Reduced Early-bird Registration Fees

Register for this conference by 9th September to take advantage of these prices.

Registration Type	
Chairmen & ISAC Member Registration Fee	€320
General Registration Fee	€400
Student Registration Fee (proof of student status will be required)	€250

New Online Reduced Registration Fees

From 10th September, the following prices will apply to registrations.

Registration Type	
Chairmen & ISAC Member Registration Fee	€450
General Registration Fee	€550
Student Registration Fee (proof of student status will be required)	€300

Submission Information

Abstracts of no more than 300 words should be submitted as soon as possible.

Abstracts should clearly state the purpose, results and conclusions of the work to be described in the final paper. Final acceptance will be based on the full-length paper which, if accepted for publication, must be presented at the conference.

The language of the conference will be English.

Online submission:
